Sorry, I couldn't read it either. I did confirm that it is ARJ4.

I can't read what he sent, is it ARJ4?

The Stallion image above was the "Division Charlie" mascot used during the Hurricane Katrina Response. It represents the Division Charlie Stallions and their dedication in protecting the public.

Dee Dee,
You didn't check the SSID listing before you forward this to me. SSID number has already been issued. It was requested in December 1, 2009, FY-2010. Nick, if you need action codes for PeoplePlus charging...You need to fill out a COMPASS request form and then email it to me...See attachment.
